Subject: Internship Offer Letter

This letter serves to formally offer Ratish Gurav an internship with Raghuraj, commencing on January 14, 2026. You will be designated as an AI Solutions Intern and will be working directly with the technical team.

In this role, you will lead the implementation of our intelligent customer assistant. Your scope of work includes developing an AI-driven chatbot capable of answering technical queries about our products (e.g., Solar efficiency, EV compatibility), automating initial customer consultations, and providing instant support for installation services using Generative AI and LLMs.

The internship will be for a minimum duration of three (3) months. During this period, you will receive a monthly stipend of ₹20,000. Based on performance, conduct, and business requirements, the internship may be extended at the sole discretion of the company. This internship is offered for training and professional development and shall not be construed as an offer of permanent employment.

All terms relating to working hours, stipend disbursement, confidentiality, intellectual property rights, information security, and code of conduct shall be governed by the company's internship policies and guidelines, as applicable from time to time.

Warm regards,
Raghuraj
